# About the Community Partnership Award

The Mutual of America Community Partnership Award annually honors the outstanding contributions that nonprofit organizations, in partnership with public, private and other social sector organizations, make to society.

Each year, the Mutual of America Foundation sponsors a national competition in which hundreds of organizations demonstrate the value of their partnership to the communities they serve, their ability to be replicated by others and their capacity to stimulate new approaches to addressing significant social issues.

Five organizations are selected by an independent committee to receive the Community Partnership Award. One receives the Thomas J. Moran Award,

which is given to the national award-winning program and includes \$100,000 and a documentary video about the program. The remaining four are named honorable mention recipients, and each receives \$50,000.
